

# ROBOTIC POOL CLEANER CATALOGUE

YOUR POOL CARE IN THE BEST HANDS.

Quick and complete pool clean

For all types of pool shapes and surfaces

For all types of debris

Mechanical  
Swivel System

NEW COMMERCIAL  
GRADE DESIGN

# Your pool is technology

## Aquasmart

Aquasmart is a patented intelligent algorithm by Astralpool which instructs the robot what to do. It is the brain of the AstralPool robotic cleaners and maps the pool surface to decide where to clean next.

## Powered by GYRO Technology

Gyro is a **smart navigation system**. It can sense all the movements in 3 dimensions by using a 3 axis sensor and is equipped with an accelerometer that informs if the robotic cleaner is moving. This guarantees pools are thoroughly cleaned during each cycle by avoiding all types of obstacles, even avoiding the power cable from getting tangled.

## Mechanical Swivel System

The Mechanical Swivel System prevents the power cable from becoming tangled & allows the cleaner to traverse your pool freely without problems.

## Dual Motors

Powerful dual motors improve power and turning radius.

# The cleanest pool with minimum effort

Equipped with the latest technology designed by AstralPool, these robotic cleaners are perfect for all types of pool shapes, sizes and surfaces. AstralPool robotic cleaners make pool cleaning easier and efficient.

## It cleans 4 times better

Thanks to the new 3D filter bag, it cleans 4 times better than other filters. The New filter bag fabric has loops that trap even the smallest microparticles.

## For all types of debris

Easy-to-adjust nozzle for any condition. Retracting the nozzle picks up light particles with ease, while having the nozzle released allows the pickup of heavier particles.

## For all types of pool

The PVA wheels ensure that your cleaner adapts perfectly to any surface, whether tiling, a liner, polyester or painted concrete. They ensure maximum grip to walls and all type of slopes.

# Which is the right cleaner for you?

Compare and choose the best cleaner for your pool

# RF & RPB ROBOTIC CLEANER

Robotic pool cleaners with bottom access to deliver high quality filtration with a large debris storage capacity.

**Three-dimensional Filters**

They come with a new ultrafine 3D filter as a standard feature.

**Conversion cartridge for filter bag models**

Option of a filter cartridge so that there is no need to come into contact with debris.

**PVA wheels**

The best quality brushes for unbeatable grip on any surface.

**Mechanical swivel**

Extra safety system that prevents the cable from getting tangled.

Bottom Access Bag Filter

# RF FEATURES

TECHNOLOGY		POOL COVERAGE		FILTERS		PROGRAMMING		OTHER	
Gyro	●	Floor	●	Filter	Bag filter	External programmer	●	Length of cable	18 m
Mechanical swivel	●	Water line	●	Filter option	●	Cleaning cycle (hrs)	2hr		
		Recommended Pools:	100m2			Power Supply	SPS Basic		

# RPB FEATURES

TECHNOLOGY		POOL COVERAGE		FILTERS		PROGRAMMING		OTHER	
Gyro	●	Floor	●	3D Microfabric filter	●	External programmer	●	Length of cable	16 m
Two traction motors	●	Walls	●	Easy open	●	Cleaning cycle (hrs)	2hr		
Mechanical swivel	●	Water line	●	Filter option	●	Power Supply	SPS Basic		
		Recommended Pools:	100m2						

# RPT & RPT PLUS ROBOTIC CLEANER

Leading robotic pool cleaners with top access for effortless cleaning.

## Three-dimensional Filters

They come with a new ultrafine 3D filter as a standard feature.

## Extra Powerful Brush

The extra powerful brush even cleans the joints between the pool shell's tiles.

## Mechanical Swivel

Mechanical swivel system prevents the power cable from becoming tangled and allows the cleaner to freely traverse your pool without problems.

## PVA Wheels

The best quality brushes for unbeatable grip on any surface.

## Top Access Basket

Most ergonomic top access filters on the market, that you will be able to clean them easily without coming into contact with debris.

Designed with you and the environment in mind

**Green Friendly**  
You will be more environmentally friendly as you will reduce your water consumption.

**Time for you**  
You will spend less time on pool maintenance.
